Carer Support

Carer Support is a Ministry of Health funded subsidy designed to give carers some time out for themselves.

Carer Support is available for full-time carers of a person who is unable to be left alone, such as the parent of a child with a mental health diagnosis such as ADHD, ODD, ADD, anxiety or depression.

It reimburses some of the costs of using a support person to provide care while you have a break.

Getting Carer Support

First, you need proof of a clinical mental health diagnosis from a qualified clinical professional such as a GP, ICAMHS, Te Ngako or a psychologist. You will then be assessed by LinkPeople.

If you are eligible, LinkPeople will allocate your Carer Support days.

Who can provide support care?

It is designed to be flexible.

You can use it to pay for care by friends, some family members, neighbours, or people who provide respite care in a formal setting such as a camp or rest home.
