

# Taupo Primary School Newsletter Thursday 19 March 2020, Week 7 'Ko te ako te maneatanga' or 'Hooked on Learning'

We will be sending a form home to all families to update the details we currently have on file. Please update with any changes, fill in the short survey on the back and send back to school as soon as possible so we can keep you in the loop. Students or siblings who return their form will receive a chocolate bar. Come together as a family to the office.

Well done to all our students who participated in the Interschool Athletics on Tuesday

Ukulele Club with Mrs Bohan

Students from Room 20 taking part in the TDC cycle skills programme today

Room 13 have been in awe of how large their crystals have grown...

# **Dispensing and Administering Medication at school**

The school will only administer prescription medication to students whose parents have made a formal request. Parents/caregivers need to complete a <u>medicine authority form</u>, available from the school office. Medication is only dispensed through the school office.

## **Hand Sanitiser**

We have purchased a hand sanitiser that has 24 hour cover. This should arrive at the end of next week. Please send your child to school each day with washed hands and every morning students will apply the hand sanitiser.

If you do not wish your child to use hand sanitiser at school please let your child's teacher know.

# **Appointments with Teachers**

At all times we want to foster great relationships between our school and our whanau, historically it has been acceptable to pop in for a quick chat with teachers before and after school. However in the current climate, we are navigating we ask that if you need to chat with your child's class teacher, PLEASE E-MAIL, TEXT OR CALL TO SET UP A TIME. This will ensure teachers do their best to ensure social distancing and a sanitised area to meet.

# **Upcoming Events**

30 March Camp meeting for parents going to camp, 5.15pm

6 April School Interviews

8 April School Interviews (school finishes at 12.30pm on Wednesday only)

# **COVID -19 (Coronavirus) Taupo Primary Update and Information**

At this point in time we have no confirmed or even suspected cases of Covid-19 within our school community.

We are all in uncharted territory and as we learn more and get more advice from the Ministry of Education around Covid-19 we will be communicating with you as best we can. In light of this, having up to date **lines of communication** with our community is essential. We will be sending all families a form with the details we have on file, please update, fill in the short survey on the back and send back to school as soon as possible so we can keep you in the loop. Please make sure you are using our school app, following our facebook page and checking your emails.

Be rest assured if a case was confirmed within our school, we would be following Ministry of Education and Ministry of Health guidelines, directions and requirements. For the school, the most likely scenario is if a student or staff member is confirmed with COVID-19, the Ministry of Health may require the school to close for a few days, to undertake tracking and tracing of close contacts.

This week the Ministry of Education published information to schools in regards to COVID-19 requesting the halt of large group gatherings and to maintain a safe distance from each other. For us, at school, this would be 1.5 metres and for immune-compromised people, 2 metres from others. By following these directives from the Ministry, we have decided to postpone many school extracurricular related events until the end of the term. For all events we are considering the risk of exposure and ability to maintain social distancing. This will minimize the amount of large group contact or unknown contacts within our school. Where possible we will reschedule events for a later date.

We are not making any decisions lightly, based on the information given to the school at this time we feel we need to be proactive and reduce the possibility of the spread of COVID -19, this directly supports the initiatives of the Government to stop its spread.

If your child is unwell to keep them home. This has always been our schools practice and advice.

If your child is well send them to school. The government still believes that schools and Early Childhood Centres are the best place for them.

At this point in time we all need to consider

- good hygiene at all times hand washing, coughing etiquette etc
- reducing the number of events with large numbers
- thinking about current practices that breach social distancing ie handshakes, hugs etc.

The Ministry of Education asks us to consider the school's capability to provide suitable learning should students be required to stay at home for a short time. We are looking at our communities online access and capabilities for digital learning experiences, the capability of accessing tasks via email etc. This is on the back of the contact detail update sheet.

#### Term 2 Year 5/6 Camp

We have set criteria to consider before students attend camp. We have communicated with the camp we are attending and they have cancelled all term 1 camps, but as of yesterday they would still like to proceed with term 2 camps, they may be in a better position to hold camps that fulfill the Ministry criteria in term 2. But like all things this is not a guarantee and could change at anytime. As a school we will give ourselves another week or two before we make any decision regarding camp. If camp is cancelled and cannot be rebooked this year a full refund will be given for those already paying or paid.

#### Parent / Teacher Interviews in week 10

At this point in time we will keep these on the calendar and consider this event closer to the time with any information that is available at the time.

Like everyone in the country, we are in uncharted territory. I am following the best advice given to me by the Ministry of Education and Health.

Further updates will come in newsletters, emails, facebook and our school app.

I have attached excerpts from the latest Ministry of Education Bulletin from **Iona Holsted - Secretary for Education**This includes links to more information and a video by Dr Michelle Dickinson (Nanogirl) which is a great informational video for kids about COVID-19.

Thank you for your support and understanding in these interesting times.

Zac Taylor (Principal) and Catriona Eagles (Board Chair)

# **COVID-19 update 18 March**

You will be aware the Ministry of Health's Director-General has confirmed a case of COVID-19 in a Dunedin school following a student testing positive for coronavirus.

On advice from the Southern District Health Board the school will now remain closed until Tuesday (Monday being Otago Anniversary Day). Close contacts have been identified and are being tested for the virus. The letter to the community from SDHB provides further information

The Ministries of Education and Health are working closely with Public Health services in Dunedin and the school leadership to help minimise disruption, progress contact tracing and reduce the possibility of spread.

## Reminder - schools remain open

At this stage, we are not expecting widespread school closures. We are planning for temporary closures, like what is happening at Logan Park School but as the World Health Organisation has confirmed, the risk to children remains low and parents should continue to send their kids to schools and early learning centres.

Consequently any decisions about school closures will be made on a case by case basis. In the meantime, unless students are unwell themselves, then parents should keep sending them to schools and early learning centres as these environments continue to be safe and the best place for them to continue their learning.

### Talking to children and young people about COVID-19

Given the rise in the number of reported cases, there may be children or young people in your life who experience distress. As a trusted adult, you can help reassure and educate them about COVID-19 – it can be good to talk to them now, so they can understand the illness and be reassured.

A useful resource for parents, caregivers, whānau and teachers talking about the virus with children and young people can be found here

This can also be downloaded as an information sheet.

#### **Up-to-date information and advice**

A reminder that information and advice for students, whānau and the education sector is <u>available here</u> While the website is being regularly updated with education-related content, the <u>Ministry of Health is</u> the Government agency leading the response to COVID-19

The Secretary for Education joined the Director-General of Health for the Ministry of Health's COVID 19 update today. You can view that, and all <u>Ministry of Health updates here</u>.

# A huge thank you to our sponsors who are Supporting <u>safer swimmers</u> at Taupo Primary School

the source

SHOPPING, THE MODERN WAY"

41 Paora Hapi Street, Taupō

#### **Sponsor an Advert**

<u>ALL</u> proceeds subsidise transport so that all students at Taupo Primary School can access swimming lessons.

Email the office to book your space (office@taupoprimary.school.nz) - \$500 to advertise for one year (approximately 36 publications). Bookings will be taken on a first in, first served basis.
